HOW PASS PROMISE WORKS

No matter how much you study, the toughest question tends to be “Am I ready?” That’s why we created the *Pass Promise* package. These courses not only come with premium learning tools and instructor support — live online and on-demand — they also come with a guarantee to pass the first time.

- With an interactive program that measures your progress and adapts to provide extra help where needed, we can record and measure your progress from the beginning.
- We can then predict the outcome of your actual exam based on your practice exam scores, giving you a simple answer to that pesky preparedness question. And if you still need more time, there is no limit to the number of practice tests you can take.
- If you don’t pass the first time, choose whether you want a full refund or to keep access to all of the materials and resources — for free — until you do.
